Re: [REDACTED]

To Whom It May Concern-

[REDACTED] is a patient under my care. [REDACTED] has been diagnosed with Post Traumatic Stress Disorder – Chronic. [REDACTED] suffers from complex trauma and we have been working together to help deal with some of the past traumas. At this time, she is highly vulnerable. It is my professional opinion that engagement with her perpetrator would not be in her best interest and would hinder the progress that she has been made to date.
